- The feedback on Institutional Governance and faculty performance is collected from students for the overall growth of the Institution.

- Regular class committee meetings are conducted with a chair person who is a senior faculty but not handling any course for that class, faculty members of that class and student representatives. Feedbacks are collected during this meeting on teaching learning process and general resources.
- Besides the class committee meetings, a well-designed feedback form is given to the students to assess the academic performance of the teachers who have handled the courses at the end of each semester. These feedbacks include items on Course knowledge and delivery effectiveness, Use of teaching aids, Punctuality and class discipline, Integrity (honesty, impartiality, and fairness), etc. The report is submitted to the Principal for his perusal and approval.
